**Office Hours:**  
Monday through Friday 8:00 a.m.-4:30 p.m.

**SEWER RATE MODIFICATION NOTICE**

The Municipal Authority has absorbed the cost of credit card payments for several years. Starting February 2025 a convenience fee will now occur for all credit/debit card payments. It will be a percentage (2.5%) of your total bill.

**EXAMPLE: A bill amount of \$50.00 will pay \$1.25 convenience fee.**

Your monthly sewage bill consists of a basic service charge and a consumption charge based on water use. **For 2025, the basic monthly service charge will remain \$15.00.** The MATSF service charge is billed to all customers regardless of water use and is primarily utilized for fixed costs such as debt service (repayment of loans), insurance, billing and similar costs. Commencing with your next (February) bill, the consumption charge will increase from \$14.78/thousand gallons to \$15.95/thousand gallons. This is directly a result of ALCOSAN's 2025 rate increase. The entire 2025 MATSF budget is viewable on our website. A typical residential customer using 4,000 gallons of water/month will see an increase of \$4.68 per month, from \$74.12 to \$78.80. The 2019-2025 graphics below depict the portion of sewer charges that are retained by MATSF, and the amount that is paid to ALCOSAN for regional sewage conveyance and treatment. **For the typical residential customer in 2025, ALCOSAN will receive \$56.03 (71.1%) of the \$78.80.**

MATSF / ALCOSAN  
Charges for Sewage Service  
2019 through 2025  
Based on 4,000 Gallons/Month
